The Deity is said to be belonging to the 7th century or 8th Century and discovered by devotees about 400 years back.

KSHETRA MAHIMA
Long long ago, According to Pancharatrika Texts, it is mentioned in Ahirbudhnya Samhita & also in Ishvara Samhita about the prayers offered by Lord Shiva to the Supreme Personality of Godhead Sri Lakshmi Narasimha Swamy.
Lord Shiva offered prayers to Sri Lakshmi Narasimha Swamy by reciting a special stotram "Sri Mantra Raja Pada Stotram," Lord Shiva ends the prayer by concluding:

"All the living beings are, by nature, servants of the Supreme Being, I am prostrating to You, with the awareness that I am also for the same reason, Your servant."
Pleased by the prayers of Lord Shiva, Sri Lakshmi Narasimha Swamy appeared and blessed Lord Shiva by touching the head of Lord Shiva with His conch shell.
Lord Shiva with the conch shell on his head is known as Panchajanyeshwara Swamy.

HISTORY OF THE LAND
The Deity is said to be belonging to the 7th century or 8th Century and discovered by devotees about 400 years back.
In the year 1907, Maharaja Sri Krishan Prasad Jagirdar has given the land of extent 47.19 acres to the Presiding Deity, and the temple came under the purview of the endowment department since 1993.
Yadagiri Gutta temple adopted this temple in the year 2002.

LORD BLESSES HARE KRISHNAS TO CONSTRUCT A TEMPLE
As the Temple's land is becoming increasingly encroached & challenging to protect it, the endowment department decided to handover the renovation and management of this temple to a reputed organization which can build a new temple. The government assigns the temple development to Hare Krishna devotees.
Lord blessed Hare Krishnas to construct the temple.
Hare Krishna Movement took possession of the temple & Land in early 2011.
**LORD NARASIMHA IS THE LORD OF ALL MIRACLES (SARVADBHUTAYA) AND THE PROTECTOR OF HIS DEVOTEES**

Lord protected the land of 5 acres in Banjara Hills: Despite so many attempts by encroachers, His precious property is protected by His servants by His power.

Lord removes all Vaastu Doshas: Many experts have mentioned that the Land has many Vaastu Doshas and temple construction is not possible. But, Lord removed all Doshas, and the temple came up.

4-inch water from a borewell at 200 feet:
In Banjara Hills, one has to go up to 800-1000 feet for water in a borewell. But, by Lord’s mercy, a borewell is formed at 200 feet to supply 4-inch water continuously. Lord provided ALL water required for His temple construction by a miracle borewell!

Lord gave protection to His devotees from many challenges and gives them the strength to build the temple.

**LORD'S GRACE, POWER, AND MERCY**

When devotees started the temple project, they have no money & contacts in their hands. But, by the grace of the Lord, today a 15 cr magnificent golden temple came-up.

By Lord’s mercy, devotees could cross over the obstacles and challenges during the construction. Entire Construction went on without any problems or accidents.

By the mercy of Lord, devotees gained all the power required to build the temple.

**WHO BUILT THE TEMPLE?**

Building a temple requires the power to mobilize various material resources like money, talent, materials, intelligence & social help. These various movements of materials or mobilization of help came by the powerful mobilizing potency of Holy Name of Lord Hari. All devotees chanted Hare Krishna Maha Mantra every day and completed Dasha Koti Harinama in the temple site. By the mercy of Holy Names of Lord Hari, the temple came-up with utmost discipline and precision.

**PARAMPARA ACHARYA GIVES INTELLIGENCE & PRECISE DIRECTION**

Executing a complex project like building a temple requires clear directions at every stage. To build a temple in a sensitive land and to combine tradition with technology poses a lot of challenges both technological and social.

It is by the guidance & inspiration from Parampara Acharya Om Vishnupada Paramahamsa Parivrajakacharya 108 Sri Srimad A.C.Bhaktivedanta Swamy Srila Prabhupada that made the whole temple construction as easy as crossing the water contained in a calf's hoofprint.

Devotees took the right steps at the right time. All Glories to Srila Prabhupada

**UNIQUE SALIGRAM ARRIVES IN THE KSHETRAM**

While devotees are constructing the temple, one devotee family, Sri Boorgu Venkateshwara Rao & his dharmapatni Smt Radha, brought a unique and extremely auspicious Saligrama Shila to keep in the kshetram to give people a chance for Darshan. The devotee was ordered by his Guru,
His Holiness Sri Jagadguru Shankaracharya Dakshinamnaya Sri Sharada Peetam Sringeri Ananthasri Vibhushita Sri Sri Bharati Tirtha Maha Samidhanam, to keep the Saligram in a temple @ Hyderabad.
The unique Saligrama Shila has many unusual features:
It is one of the large Saligrams revealed in this world giving Darshan to the devotees
Some Ganges water is present inside the Saligrama (one can hear the water sound)
The name of this unique Shila is "Jala Garbha Narayana Saligrama Shila."
Saligrama takes millions of years to form in a river called Gandaki (in Nepal), and it is a unique blessing that it has arrived at this Kshetram.
